

WIPAIRE, INC.
INVER GROVE HEIGHTS, MINNESOTA

SERVICE LETTER: #14

SUBJECT: Pump Out Tubes.

FLOAT MODEL: All floats with nylon plastic Pump Out Tubes.

COMPLIANCE REQUIRED: Inspect Pump Out Tubes before next flight. Check floats for water in floats visually.

BACKGROUND INFORMATION: All float compartment Pump Out Tubes are to be checked for disconnected or leaking joints. Unsealed or disconnected joints may result in water filled compartments.

METHOD OF COMPLIANCE: Install tube clamps to all connections.

PARTS REQUIRED: P/N 5713 clamps (US Plastics).

MAN HOURS REQUIRED: 1 - 2 Hours.

Date: 8-13-87
