

2018 BOSS 182 CONVERSION

N580CC SN: 18280391

31012018_v3

Aircraft Description

315 HP+ 182: 2018 Boss 182 conversion, no detail has been overlooked on this sporty high performing 182, factory new Lycoming 580 engine paired with the heavy duty engine mount and Hartzell's Trailblazer propeller, VG's and LED's throughout, custom interior and exterior, this one will stand apart!!! Outperform your neighbor, flight plan at 155-158 knts, highest horsepower engine conversion available for any 182, modern airframe, this one of a kind conversion will be ready for delivery late 2018. If it's a small strip you need to get in and out of, and want all the modern amenities of the new 182 fuselage, PLUS a gross weight increase, this is the way to go! The Garmin G500 Suite offers many of the same options as the G1000 Suite but allows for the backup reliability of steam gauges and dual GPS(s) systems for any time the avionics shop isn't an arm's length away. You will experience a significant increase in takeoff roll, climb rates and cruising speeds! Just when you thought new was the way to go, this conversion offers a new warranty on engine, propeller, paint and interior! All Boss 182 conversions are much more than cosmetic upgrades, all have been put through extensive inspections and are sold with many new warranties!
