

### SINGLE POINT FUELING FOR THE KODIAK

Outfit your KODIAK with Wipaire's single point fueling system and save time. Adding single point fueling capability makes your fuel stops at airports simpler, safer and faster. This modification enables your KODIAK to be fueled by standard fueling trucks at ground level removing the requirement for tall ladders and filling tanks individually. Reduce your fueling time so you can get on to your destination faster!

- Available on floats or wheels
- Compatible with the new fuel level sensing system
- Easy to use digital touch screen control panel
- Electronic fuel level monitoring for reliable fuel top off
- Measure fuel in gallons, liters, kilograms or pounds
- Master power not required to fuel
- Eliminate the risk of TKS anti-ice system or wing damage from over-the-wing fueling

Installation Weight	20 lbs (9 kg)
Refueling Rate	45 gal/min at 40 psi
Power Requirement	5 amps DC
Control	Step area of the baggage compartment near the aft left hand door
